## **Museum of the City of New York Statement on Diana Agudelo**

We are devastated that Diana Agudelo, a cherished member of our staff at the Museum of the City of New York, was violently attacked while biking home through Randall's Island on Friday, May 16. Our thoughts are with Diana, her loved ones, and our colleagues during this difficult time. A GoFundMe page has been created to support Diana and her family with medical and living expenses: <https://www.gofundme.com/f/diana-agudelo-and-her-family>
